

REVOLLECTRIX™

POWER STATION

24V/55A ✦ 12V/10A ✦ 5V/2A

AC to DC Power Supply (PS24V55A-BP-US)

Features

- **Single 24V/55A Output**
- **Dual 12V/10A Outputs**
- **5V/2A USB Charge Port**
- **Dual Fan Cooling**
- **100-240v Input**

Precaution

- **When using the 24 volt output on the supply, always connect device to the output before powering up supplies. Connecting to the 24 volt output after the supplies are powered up will cause the supplies to shut down.**
- **Do not exceed 10 amps on the 12 volt outputs. Exceeding 10 amps on the 12 volt output will cause damage to the banana jacks.**
- **Always make sure both fans are operating when power supplies are powered up.**

Connections

- You can connect your device by using alligator clips (remove screw terminals on supply to make connection).
- You can connect your device to the power supply by bullet connectors or stripping and tinning the ends of your device and attaching to the screw terminals.
- You can make a quick connection pigtail for the PL6/PL8 by using some 10AWG silicon wire, adding an EC5 female connector with male pins and (optional) 5mm bullet connectors (PN: EC5-M/F-1PR-US). You can add the bullet connectors to the pigtail or strip and tin the ends and connect to the screw terminals as above.

FMA limited warranty

FMA, Inc. warrants this product to be free of manufacturing defects for the term of one year from the date of purchase. Should any defects covered by this warranty occur, the product shall be repaired or replaced with a unit of equal performance by FMA or an authorized FMA service station.

Limits and exclusions

This warranty may be enforced only by the original purchaser, who uses this product in its original condition as purchased, in strict accordance with the product's instructions. Units returned for warranty service to an FMA service center will be accepted for service when shipped postpaid, with a copy of the original sales receipt or warranty registration form, to the service station designated by FMA.

This warranty does not apply to:

- Consequential or incidental losses resulting from the use of this product.
- Damage resulting from accident, misuse, abuse, neglect, electrical surges, reversed polarity on connectors, lightning or other acts of God.
- Damage from failure to follow instructions supplied with the product.
- Damage occurring during shipment of the product either to the customer or from the customer for service (claims must be presented to the carrier).
- Damage resulting from repair, adjustment, or any alteration of the product by anyone other than an authorized FMA technician.

· Installation or removal charges, or damage caused by improper installation or removal.
